## We emphasize Munich!

Special year - special program!

>>>Holiday in Munich - holiday in Bavaria!<<<

## Guided city tours take place again

The good news first:

- We're back, guided tours take place again
- However, a return to normality can only take place gradually, because the primary goal of all of us must still be to continue to work towards further containment of the coronavirus
- Here we have the most important facts and information on how guided tours of the city can be conducted. The Bavarian Ministry of Economic Affairs has issued a hygiene concept with the following key points:

## Until further notice, guided tours are subject to the following:

- **The maximum number of participants of 15 guests** must not be exceeded
- During the tour, a **minimum distance of 1.5 meters** must be kept
- Participants and the tour guides can do **without the full-face mask** as long as the tour takes place outside
- Tour guides are required to speak loudly and clearly in order to maintain the minimum distance
- The participants must be documented. At present (as of June 16, 2020) it is not yet clear what this means in detail for the participants. We will provide you with this information as soon as this has been clearly clarified by the Ministry
