

Hygiene concept for city tours in Munich

To protect you and us...

... the following applies to city tours (as of November 24, 2021)

- the number of participants for **tours on the outside** is **limited to 25**
- the number of participants for **tours inside buildings** – if possible at all - is **limited to 5**
- for all tours the **2G + rule** applies -> **fully vaccinated**, or **recovered plus** additional negative test (PCR test not older than 48h / rapid test not older than 24h) documented via app on the cell phone, or written confirmation from the testing center
- if possible, keep a distance of 1.5 - 2 meters for guests not belonging to one household
- recording of contact data in compliance with data protection regulations
- For guided tours outdoors: it is recommended to wear an FFP2 mask if the distance cannot be maintained
- For guided **tours indoors**, the wearing of an **FFP2 mask is obligatory**

Simple Corona rules

- Keep **1,5 - 2 meters distance** to others whenever possible!
- **Wash your hands** thoroughly!
- In **public transport** and **cabs**, the 3G rule applies: vaccinated, recovered or tested
- You must wear an FFP2 mask on public transport and when waiting at bus stops
- In stores and supermarkets, you must wear an FFP2 mask.
- If you develop symptoms, see a doctor, and get tested as soon as possible
